NEW MEXICO STATE LIBRARY

- Bookmobiles (Los Lunas) – 2 purchase w/caterpillar engine requires new engine with 67K miles, 25K in costs
- Bookmobile East (Tucumcari) – 2 vacancies, no manager so referred them to Books By Mail
- Bookmobile NE (Cimarron) – head on accident – no one got hurt, but caused a lot of damage – 1 vacancy Manager – Should be getting a list from HR any day

John Mugford – Bureau Chief for the Library for the Blind and Physically Handicapped
- Recent hire, Katherine (Katy) Miles with Master’s degree (great granddaughter of the late Governor Miles)
- Removal of Audio Cassettes large project going on, attempting to move 45K audio cassette books per year for recycling – should be completed in 2 years – initially when process began the LBPH Library had over 250K audio cassette books in collection
- Download activity on BARD averages about 200 patrons and 3,000 books per month for an average of 15 books per patron per month. Patrons receiving books via regular mail average about three book borrowings per months; so, BARD borrowers are about five times more active than borrowers via mail; however, BARD borrowers represent only about ten per cent of total borrowers. The reasons for these not being more BARD borrowers are many but are largely related to technology cost and access, and the ability to successfully use available technology.
- Volunteer Base still ongoing since 2001 requires some staff supervision
- Two recently produced local recordings are *A Taos Mosaic* and *A Vision of Voices; John Crosby and the Santa Fe Opera*. LBPH produces over 30 new recordings per year
- Have a small Friends Group formed in 1991. It stewards patron donations and funds special projects, such as the recording studio program.

Amber K. Espinosa-Trujillo, Federal Program’s Manager
- Enjoying being here at the NMSL and learning her new job

Ryanne Cooper – Library Development Services Bureau
- **State Grants in Aid NMAC**
  We are updating this code, with the hearing set for 3/14. The announcement for the hearing will be published 2/12 in the NM Register and AEQ Journal. This week, the announcement will be sent to libraries, as well as the replacement rule.

- **GO Bonds**
  Spend-down update:
  - Non-tribal public libraries have spent down 73% of their total allocations
  - Tribal public libraries have spent down 56% of their total allocations
- 2012 GO bonds close April 1.
We are working on cleaning up the administrative code that governs GO bond
distribution & allowable expenditures. This will become more pressing when the
next GO bond cycle comes into effect, as SB 122 states 2016 GO Bonds has
added in some new language for allowable expenditures (library furniture,
fixtures and broadband internet equipment and infrastructure). Those will need to
added to the 4.5.8 NMAC.

- **Certification**
This is a statutorily mandated function. We have been working on this key
function. The State Library is required to issue certificates to library directors via
exam, and since classes are not a necessary requirement, we want to provide
practical preparation prior to exam. We are exploring how we can provide quality
training and make this widely available statewide – therefore we are exploring the
use of Blackboard to construct courses. We get about 3 inquiries a week on
certification, and about 60 applicants a year.

- **Continuing Education**
We are turning our focus to getting opportunities out now. We will be offering a
combination of online and face to face opportunities. We will be hosting monthly
meetings for public library directors on board training online. Ryanne will be
putting out an upcoming schedule of classes, which will be offered online and
F2F. The F2F courses are ½ day management/administrative level trainings, and
we will be holding directors’ meetings to follow the training.

- **Annual Reports**
Carmelita won Keppel Award for timely submission of annual reports – this was
accomplished in her first couple of months here – and she took on training herself
– so this was no small feat.

- **The Hitchhiker Newsletter**
In the absence of a marketing specialist, Ryanne has taken on the task of getting a
regular newsletter out. This is meant to be a place where all can contribute to the
news and information they’d like shared to library community. If our
commissioners ever have a story for submission – or a lead to report on – we
would be grateful for the contributions. We have over 500 contacts, and 20 new
sign ups in the last month.
NEW MEXICO STATE LIBRARY

- **Collaborations**
  In Development, we are always looking for ways we can combine resources with other state agencies, non-profit groups, and other partners to bring resources to the library community. We currently have successful partnerships in place with The Office of Archeological Studies & Highlands State University. The Southwest Museum of Arts and Antiquities is piloting a mobile exhibit in Hobbs this coming February. Also in February, we are sponsoring 4 programs related to Shakespeare’s First Folio exhibit at public libraries. Some other exciting projects are brewing.

- **Introduce Deanne (in person!)**
  Deanne is working on several projects, including summer reading, STEM to Read, Dia, outreach and exploring future collaborations. We are very happy to have her aboard.

- **Alana McGrattan – Trial Librarian – real champion**

NEW MEXICO STATE LIBRARY

Quarter: 2015, October to December
Bureau: Technical Services
Submitted by: Bradley Carrington

Accomplishments:

Polaris / CONTENTdm / Resource sharing
- SALSA meeting at Museum of Art Library (minutes available from this page: http://www.nmstatelibrary.org/library-catalogs/salsa)
  - discussed authority control
  - voted on Polaris enhancements
- helped with staffing vacancy at National Hispanic Cultural Center (report available from this page: http://www.nmstatelibrary.org/library-catalogs/salsa)
  - cataloged over 1000 items
  - applied LC classification
  - 55 people-days on NHCC campus, plus time in Santa Fe doing original cataloging, etc.

TSB Guidelines
- Guidelines officially enacted: 14-2015 // Cataloging electronic resources; available from this page: http://www.nmstatelibrary.org/services-for-nm-libraries/programs-services/technical-services
  - consistent now with OCLC, LC/PCC, RDA, GPO

Staff development:
- Zelda, Aubrey, Brigitte & Brad attended NMLA. We all worked the NMSL booth.
  - Keynote speaker: Marshall Breeding, a superstar, gave a valuable update on trends in library systems: discovery interface, resource sharing, etc. He seemed to endorse our option to add libraries to our Polaris; cited the Illinois SHARE consortium.
  - New textbook: Intro to Tech Services; discussed importance of writing local guidelines
  - BibFrame: triplets indicating relationship; long time before this replaces MARC
  - LIBROS Users/UNM Health Sci. Discovery: Discovery not yet working well, still fixing bugs; links to Gale content demand the password/geo-spatial IP recog not working
  - Tech Services SIG: 6 attendees. Discussed: training at NMSL, esp. RDA; importance of local guidelines, esp. to workflow; which Amigos training to offer (we'll offer copy cat with RDA);
  - NMSL Commission: reported on resource sharing pricing/funding, emphasized TSB's availability for consultations on RDA, ILSs, etc.

Statistics:
- new bibliographic records: 2696 (includes records added for NHCC)
- new item records: 3570
- new serial issues: 1403

OCLC
- new records contributed to WorldCat: 164
- WorldCat master records enriched/expert-replaced/minimal-upgraded: 241

State documents
- tangible items shipped: copies of 248 items shipped to as many as 23 repositories
- files added to CONTENTdm: 203

Federal documents tangible pieces received: 563
